

2800 THE VIEW

Newsletter

2026, Volume 267: Week ending May 29th.
This week's update of what's happening around the building.

Cable Car

Out with the old

This is actually a good sign. When they start pulling out old cable, that means they're getting closer to installing the new parts. That's exciting.

Bucket brigade

The cable being removed will fill 5 huge buckets. And that means, soon they will be installing 5 buckets of new cable. If the Elevator Renovation Gods are good to us, we should have Car 1 up and running August 15ish.

Update Received

Weekend Update

Last weekend, they covered that nasty Receiving Room tile from 1969 with a new floor throughout.

It's a match

The new tile in the Receiving Room is the same as the new floor in the Office and in the new elevators. There was actually a plan!

Slick

Chances are Architectural Digest is not going to race here to do a cover story, but it's a vast improvement for 2800.

Space Age

In addition to looking better, we also removed equipment that is no longer used and reorganized the space overall. This made way for additional shelving which will improve the way the room functions, especially when the holidays roll around and we are inundated with twice as many packages and cleaning daily. Pop in for a tour!

Taking care of our new elevators...

Great news, the new elevator is finally up and running!

In an effort to keep all our passenger elevators looking their very best, we ask for your help. Please, only use the passenger elevators for residential purposes.

Contractors are required to use the freight elevators.

Carts or any large items should only be brought to your unit via the freight elevators. The notable exceptions, of course, are strollers or handicapped mobility devices. They can be used in the passenger elevators at any time.

According to the 2800 Rules and Regulations, all deliveries and/or cleaning staff with equipment, oversized packages, etc. should be taken to your unit only via the freight elevators. Elevator violations will be noted and may carry a fine.

We're very excited about the new elevator, and the ones yet to come. Thank you so much for your help keeping 2800 the best it can be!

Any questions, please contact the office. We'd be happy to help.

Thanks. Enjoy the ride.

The final frontier!

Above is the plan for this week's work on the **2800 Facade Project 2.5**. It shows which tiers (14 & 16) are active for the week of **6/1—6/5** and what work is being done on each. As always, this schedule could change based on weather/wind or the whim of the construction Gods.

We're hoping to wrap up the entire 2026 portion of this work by June. Fingers crossed! But, of course, with Mother Nature's attitude and gremlins, anything could happen between now and then. Stay tuned...of course.

Work is daily, Monday to Friday, 8:00am - 4:00pm.

As always, if you have any questions, please give us a shout...

Thanks.

Helpful Reminders

No Pet Reminder

Pursuant to the Association's Governing Documents, 2800 is a no-pet building. Please remember this means no pets are allowed on our property or in the units. Guests of residents should be advised that pets are not allowed. We appreciate your cooperation. Violators may be subject to a fine.

2800 is a No Smoking Building

In July 2021, the owners of 2800 voted to make 2800 a **non-smoking** building. Please remember this means no one is allowed to smoke on our property or in your unit. We appreciate your cooperation. Violators may be subject to a fine.

Noise

Please be reminded that loud intrusive sounds that disturb neighbors in other units are not allowed at any time (weekday 9-5 construction excluded), and that percussive noises—hard surfaces knocking, bumping, scraping on other hard surfaces—travel very far in the building. Please remember to close doors softly, place cushions on the legs of tables, and place rugs, etc., on bare floors to avoid echoing in surrounding units. **If you are experiencing a noise issue, please call the front desk to report it while it is happening. This is an important part of our resolution process.**

In-unit Construction Deliveries

Monday – Friday: 9AM-1PM or 1PM-5PM. Construction deliveries are not allowed on weekdays after 5PM or anytime on the weekends. A reservation is necessary if more than 2 trips are required during a single day. If a reservation is required, there will be a \$150 charge.

As a friendly reminder, please make sure the Association has the proper permission to enter list for cleaning personnel, guests, family, etc. during this busy time of year so there are no issues with access. Your list can be accessed via BuildingLink using the Front Desk Instruction tab. Permissions can be added or deleted directly by you or can be given to the Office via call, email or in person.

Service Elevator

Move- In/ Move- Out: Monday – Friday: 9AM-1PM or 1PM-5PM. Moves will not be permitted on Saturdays and Sundays. The Move In fee and Move Out fee are \$300 each.

Deliveries: Monday – Friday: 8AM-5PM and Saturdays: 8AM-1PM.

Food and Grocery Deliveries

Please be reminded that residents need to pick up their deliveries in the lobby or have the vendor bring the delivery to your unit. Association employees, security personnel, and front desk staff are not to bring any deliveries to an individual unit under any circumstances.

Television / Internet Outages

In the event you are experiencing an interruption of either television or internet service, please take the following actions:

- Report the outage to RCN at 800-427- 8686 and report the outage to the Office at (773) 528-8660 or info@2800lsd.com.

This will enable us to monitor the outage and escalate the service request if the outage impacts multiple units. If an outage occurs when the Office is closed, please report the outage to the Front Desk at (773) 929-2800.

So You're In The Know

In-Unit Construction

Here are a few guidelines if you are planning to remodel:

- Contact the Office to get a remodeling packet.
- Once documents are submitted, the building's Chief Engineer & Management will review and approve.
- Pre-approved, in-unit construction may be performed on weekdays between 9:00 AM-5:00 PM.
- Work is prohibited on weekends and holidays.

These units have received Board approval for construction:

312	814
911	1509
1914	2908
3916	4002

Whenever there is construction, it is the responsibility of the unit owner to notify neighbors 6 floors above and below on both sides and across the hall. The communication should contain the unit number, plus the start and end date of the construction.

Unit Sales Prices in 2025

Good news! There's been a bit of an increase in sale prices in the building. All this new construction is paying off when it comes to resale!
