

2800 THE VIEW

Newsletter

2026, Volume 281: Week ending September 4th.
This week's update of what's happening around the building.

Safety Check

Checking

We have 18 rooms of storage lockers. And over 650 individual lockers for residents to store their stuff in. Every few years, we review all of them to make sure there's nothing in them that can go boom in the night. That would not be a good thing.

Running on empty

This year, Antoine is in charge of the project. He started by putting a temporary lock on empty lockers. This is to guard against spill over from other lockers and thus confusion when the rightful owner wants to use it.

Dangerous liaisons

Our condo docs identify certain items that can be dangerous if stored in the lockers and ,therefore, cannot be stored there. Naturally, flammable or hazardous materials are strictly prohibited. This includes, but is not limited to, paint, stain, gasoline, propane, and other combustible liquids. There's also an article later in this newsletter with more detail about the do-s and don't-s if you want more info.

Tag, your it

If Antoine finds any of these items in a locker, it will be marked with a yellow tag and you will be notified. Once tagged, you will have until October 5th to correct the issue. If the items have not been removed by that date, a violation letter will be sent and a fine will be determined by the board.

This is an important safety check for 2800. We're doing it to protect all of us. We don't want a can of Sherwin Williams Arctic Blue Ice (a lovely color, btw) spontaneously combusting in a locker and causing a fire.

2800 Elevator Project Update

Car 2 – Start Date 8/25/26, Completion 12/23/25

Week: 9.4.26

ITEMS IN RED ARE COMPLETE

1. Clean entire hoistway and remove all electrical covers
2. **Secure elevator and disassemble existing machine**
3. **Remove existing machine from site and hoist new machine to penthouse**
4. Install new bedplate, machine and controller
5. Pipe and wire new machine and controller and start up on temp operation
6. Install new hoist cables
7. Demo existing hoistway equipment, install new roller guides and cartop handrails
8. Install new hoistway door components
9. Install new hoistway door components (continued)
10. Install new hoistway door components (continued)
11. Install new electrical duct from top to bottom of hoistway
12. Remove existing hoistway wiring, pull new hoistway wiring
13. Pull new hoistway wiring (continued), hang new traveling cable
14. Demo existing cartop equipment and cab interior and install new
15. Install new COPs, pipe and wire cartop, Install new car door components and operator
16. Install new selector, car toe guard and miscellaneous components
17. Make final hoistway wiring connections, install hall fixtures and wire controller
18. Final adjusting and City Inspection

Storage Locker Safety Check Is Underway

It started last Wednesday

Now that all the crazy pipe work zigzagging through the storage rooms has been completed, it's time to make sure all the lockers are in good shape and safe. We certainly don't want to be storing anything that can go boom in the night.

We started Wednesday, September 2nd, a month prior to our annual *Fall Cleaning, Recycling and Shredding Event*, October 5-11. The guys from the office are going through each of the rooms and reviewing every locker. If you need to amend something, you will be notified. This will give you time to reorganize and remove stuff and, if necessary, include its disposal in the *Fall Cleaning, Recycling and Shredding Event* in October.

Each locker will be evaluated to determine if it's being used according to 2800 Guidelines, properly numbered and locked. Here are a few helpful things to consider:

Guidelines

- Flammable or hazardous materials are strictly prohibited in storage lockers. This includes, but is not limited to, paint, stain, gasoline, propane, and other combustible liquids.
- Lockers identified for cleanout will be tagged and you will be notified. You will have four (4) weeks from the date of tagging to claim and remove your belongings. Any items remaining after the deadline will be discarded.
- No items may be stored outside of the lockers. Any belongings left in the aisles or outside a designated locker will be removed and discarded.

Locker Assignments

- Residents are permitted one storage locker per unit, unless they own multiple units or are renting an additional locker from another resident.
- All storage lockers are assigned by the Association and may be reassigned if necessary.
- Many lockers are currently missing numbers or are incorrectly numbered. These lockers will be renumbered during the audit.
- Lockers designated for building ladder storage or pipe access are not for resident use and must remain clear at all times.
- Empty lockers will be tagged and secured by the management office.

If during the Safety Check this month you have any question, please talk to the office. They'd be glad to help you.

What's New

Office

Please be advised that the Management Office will be closed on Monday, September 7th, in observance of Labor Day.

Receiving Room

The Receiving Room will be closed on Monday, September 7th, in observance of Labor Day. Please make sure to pick up all packages and dry cleaning on Saturday or Sunday during normal business hours.

Helpful Reminders

No Pet Reminder

Pursuant to the Association's Governing Documents, 2800 is a no-pet building. Please remember this means no pets are allowed on our property or in the units. Guests of residents should be advised that pets are not allowed. We appreciate your cooperation. Violators may be subject to a fine.

2800 is a No Smoking Building

In July 2021, the owners of 2800 voted to make 2800 a **non-smoking** building. Please remember this means no one is allowed to smoke on our property or in your unit. We appreciate your cooperation. Violators may be subject to a fine.

Noise

Please be reminded that loud intrusive sounds that disturb neighbors in other units are not allowed at any time (weekday 9-5 construction excluded), and that percussive noises—hard surfaces knocking, bumping, scraping on other hard surfaces—travel very far in the building. Please remember to close doors softly, place cushions on the legs of tables, and place rugs, etc., on bare floors to avoid echoing in surrounding units. **If you are experiencing a noise issue, please call the front desk to report it while it is happening. This is an important part of our resolution process.**

In-unit Construction Deliveries

Monday – Friday: 9AM-1PM or 1PM-5PM. Construction deliveries are not allowed on weekdays after 5PM or anytime on the weekends. A reservation is necessary if more than 2 trips are required during a single day. If a reservation is required, there will be a \$150 charge.

As a friendly reminder, please make sure the Association has the proper permission to enter list for cleaning personnel, guests, family, etc. during this busy time of year so there are no issues with access. Your list can be

accessed via BuildingLink using the Front Desk Instruction tab. Permissions can be added or deleted directly by you or can be given to the Office via call, email or in person.

Service Elevator

Move- In/ Move- Out: Monday – Friday: 9AM-1PM or 1PM-5PM. Moves will not be permitted on Saturdays and Sundays. The Move In fee and Move Out fee are \$300 each.

Deliveries: Monday – Friday: 8AM-5PM and Saturdays: 8AM-1PM.

Food and Grocery Deliveries

Please be reminded that residents need to pick up their deliveries in the lobby or have the vendor bring the delivery to your unit. Association employees, security personnel, and front desk staff are not to bring any deliveries to an individual unit under any circumstances.

Television / Internet Outages

In the event you are experiencing an interruption of either television or internet service, please take the following actions:

- Report the outage to RCN at 800-427- 8686 and report the outage to the Office at (773) 528-8660 or info@2800lsd.com.

This will enable us to monitor the outage and escalate the service request if the outage impacts multiple units. If an outage occurs when the Office is closed, please report the outage to the Front Desk at (773) 929-2800.

So You're In The Know

In-Unit Construction

Here are a few guidelines if you are planning to remodel:

- Contact the Office to get a remodeling packet.
- Once documents are submitted, the building's Chief Engineer & Management will review and approve.
- Pre-approved, in-unit construction may be performed on weekdays between 9:00 AM-5:00 PM.
- Work is prohibited on weekends and holidays.

These units have received Board approval for construction:

708	812
814	906
911	1003
1107	1115
1314	1316
1406	151
1508	1514/1516
1610	1816
1915	2104
2114	2208
2501	2514
28143002	3017
3912	3915
4117	4205
4214/4216	

Whenever there is construction, it is the responsibility of the unit owner to notify neighbors 6 floors above and below on both sides and across the hall. The communication should contain the unit number, plus the start and end date of the construction.
